2840 SERIES

A step up in compact parts washing capability

CUDA CLEANING SYSTEMS | FRONT-LOAD AUTOMATIC AQUEOUS PARTS WASHER

2840 SERIES

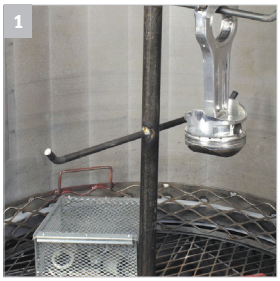

A step up in compact parts washing capability

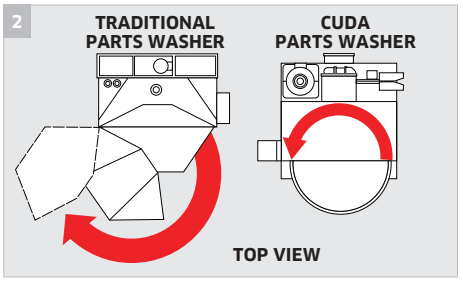

The Cuda 2840 is our most popular front-load automatic parts washer and is the preferred choice for auto dealers. The 2840 features a turntable diameter of 28-inches, working height of 40-inches, and load capacity of 1000 lbs. The 2840 Series is equipped with a 3 HP vertical seal-less pump producing 50 GPM at 45 PSI.

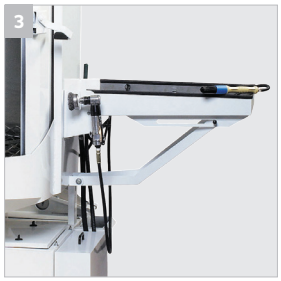

- **Ideal for larger auto dealers and repair shops**
- **Higher volume transmission and diesel repair shops**
- **Smaller loader tractor implement dealers**

Aqueous parts washers clean faster and better without using harmful solvents!

Cuda automatic parts washers provide a safe and efficient solution to cleaning parts because they don't use harmful cleaning solvents to clean. Our automatic parts washers also provide a time-saving, easy parts cleaning solution for your staff allowing them to simultaneously clean parts while performing other tasks.

1 Parts Tree

- Optional drop-in parts tree slips into a recessed pocket of the turntable. Preferred package also includes small parts basket, containment ring and oil drain container.

2 Compact Footprint

- Space saving roll-in door allows easy access to the wash chamber.
- Reduces footprint over other traditional parts washers.
- Roll-in door prevents wash solution from dripping on the shop floor.

3 Customize and Accessorize

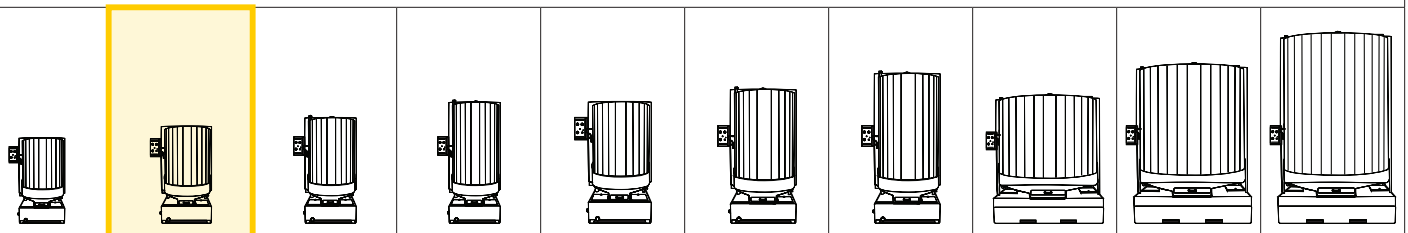

- Customize your parts washer to your specific needs, like with this deluxe kit, so washing becomes the easiest part of the work day.

4 Detergents Engineered for Aqueous Parts Washers

- Cuda detergents contain advanced formulas engineered specifically for use in aqueous parts washers and their specialized needs. Our advanced formulas include an exclusive multi-metal corrosion inhibitor for rust-protection.
